

Hello, i am writing in support of sb 22. I believe a reduction in the state sales tax would be beneficial to all ct residents. We are one of the highest taxed states in the nation, and with our high taxes, stagnant wages, and rapidly rising inflation, many families in ct (including mine) are facing an ever increasing struggle to survive financially in this state. I urge you to pass sb 22, and further, i urge you to implement and support any other legislation that will serve to reduce taxes or other costs imposed on the residents of this state. People in this state and nationwide need to be less reliant on government programs which are ultimately funded by taxpayers.

Respectfully submitted,
